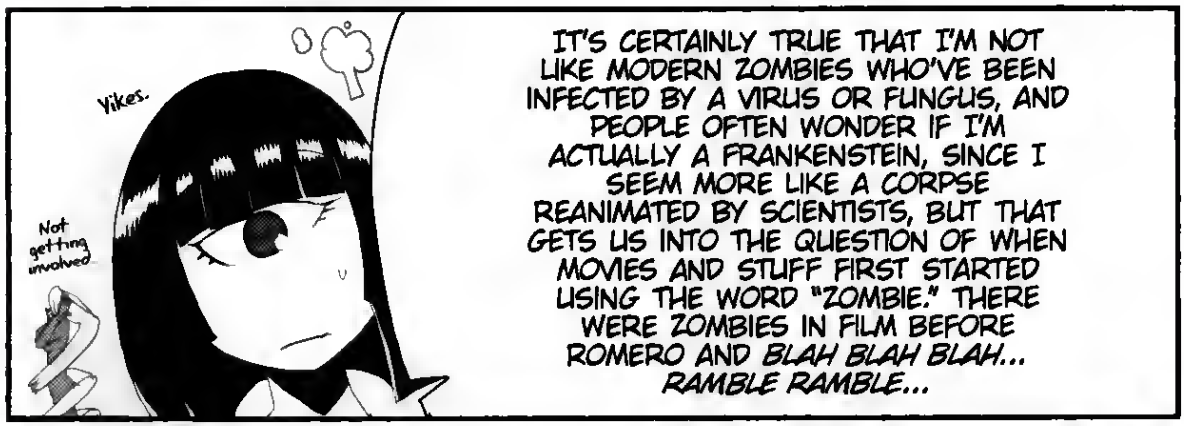
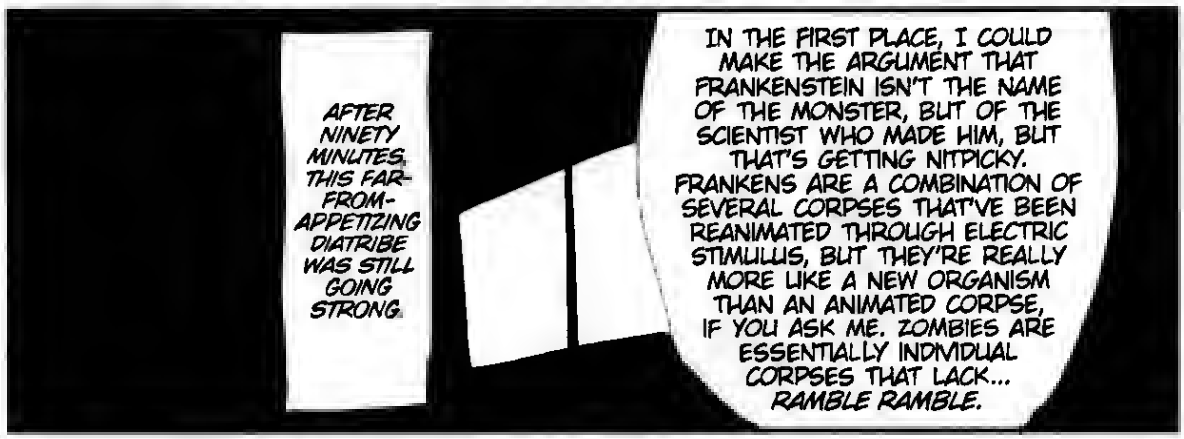
YOU SEEM PRETTY DIFFERENT FROM THE ZOMBIES IN THESE MOVIES. IN FACT, I'D SAY YOU'RE MORE OF A **FRANKENSTEIN.**



Yikes.
Not getting involved
IT'S CERTAINLY TRUE THAT I'M NOT LIKE MODERN ZOMBIES WHO'VE BEEN INFECTED BY A VIRUS OR FUNGUS, AND PEOPLE OFTEN WONDER IF I'M ACTUALLY A FRANKENSTEIN, SINCE I SEEM MORE LIKE A CORPSE REANIMATED BY SCIENTISTS, BUT THAT GETS US INTO THE QUESTION OF WHEN MOVIES AND STUFF FIRST STARTED USING THE WORD "ZOMBIE." THERE WERE ZOMBIES IN FILM BEFORE ROMERO AND *BLAH BLAH BLAH... RAMBLE RAMBLE...*



AFTER NINETY MINUTES, THIS FAR-FROM-APPETIZING DIATRIBE WAS STILL GOING STRONG.
IN THE FIRST PLACE, I COULD MAKE THE ARGUMENT THAT FRANKENSTEIN ISN'T THE NAME OF THE MONSTER, BUT OF THE SCIENTIST WHO MADE HIM, BUT THAT'S GETTING NITPICKY. FRANKENS ARE A COMBINATION OF SEVERAL CORPSES THAT'VE BEEN REANIMATED THROUGH ELECTRIC STIMULUS, BUT THEY'RE REALLY MORE LIKE A NEW ORGANISM THAN AN ANIMATED CORPSE, IF YOU ASK ME. ZOMBIES ARE ESSENTIALLY INDIVIDUAL CORPSES THAT LACK... *RAMBLE RAMBLE.*

❤ Afterword ❤

P01 Nobuyoshi Zamurai

Serializes his representative work, *Torikissa!* (*Bird Café!*), in Monthly Comic Ryu. Participates in doujinshi sale events through the "Co-Op Samurai 203" circle.

I volunteer as someone who'd want to be slapped by Papi's wings! I had a great time drawing this. Thank you so much, Okayado-sensei! Congratulations on both the anime and the anthology! I pray that the Monster Girl genre continues to boom.

P17 sukage

Participates in doujinshi sale events through the "pleasantlycreate" circle.

I want to see more of MON's everyday life!

P27 zank

Participates in doujinshi sale events through the "shirakabadori" circle

Nice to meet you! I'm zank. I'm so happy to have been invited to participate in this anthology for the first time. I'm terrified that so many talented artists have their works next to mine, but I'd be very happy if you enjoyed my work even the slightest bit.

P35 SHIDO MAYURU

Serializes a story in a seinen manga magazine and participates in doujinshi events with the "B-crews" circle. Currently cutting back on writing. Representative work. *Welcome to the Futanari Café* (Kill Time Comm.).

Congratulations on getting an anime! I had a lot of fun drawing these 4-koma strips! I love Rachnee, Smith-san, Papi, Suu, and Kii! I wonder if it's really all right for me to be amongst such distinguished members... I'm so grateful.

P43 221 (tsutsuichi)

Active in the "Kanbanizumu" circle, through which 221 participates in live Niconico broadcasts and doujinshi sale events. Representative work: *Mako-san & Hashisuka-kun* (Micromagazinesha).

I really think Centorea looks best when she's crying.

P53 adoventyara

Serializes Oni ga deru ka Hebi ga deru ka in Manga Time Kirara Forward (Houbunsha). Participates in doujinshi sale events through the "T&K" circle.

I'm so honored that I was invited to participate in this. Thank you so much. Personally speaking, Miia's my favorite, plus there's the snake connection with my own manga, so I figured I'd draw something that focused on Miia.

P59 masha

Participates in doujinshi sale events through the "AstroQube" circle. Has recently begun work in commerce.

I'm beyond thrilled and still feel like I'm dreaming to be able to participate alongside the likes of the esteemed creators here. Anyway, Manako-san sure is cute, huh? When I saw her crying in the anime...I think I was so moved that I lost a year of my life.

P71 AHOBAKA

Serializes a story in a seinen manga magazine and participates in doujinshi sale events through the "AHOBAKA" circle. Representative work: *The Other Side Just For Me (Akaneshinsha)*.

I'm the ero manga-ka AHOBAKA. I've been drawing monster girl manga and honestly I think it's amazing the genre has taken off like it has. I hope to keep drawing manga and to assist in furthering the popularity of the monster girl world.

P83 HORITOMO

Serialized in Comic Unreal (Kill Time Communications). Representative work: *The Girl I Like is a Monster Girl* (Kill Time Communications).

I'm honored to be part of this anthology! I'm HORITOMO. Normally I draw monster girl manga for Unreal. The fact that I'm able to participate is all thanks to *Monster Musume* becoming a big hit and bringing recognition to this genre.

P97 kurokawa otogi

Serializes a story in a seinen manga magazine and participates in doujinshi sale events through the "Otogi no Kuni no Soapland" circle.

I drew Mero-chan again. I'll continue to devote myself to drawing mermaids.

P105 Tottori-saQ

Participates in doujinshi sale events through the "Kimyoudou" circle. Representative work. *Oukokuchou Sorasore* (Kadokawa Shoten).

This time Mero-san was the main character! It's certainly not because I totally failed to draw her last time or something...!

P119 setouchi

Participates in doujinshi sale events through the "Setouchi Pharmaceuticals" circle. Draws illustrations for doujin games, among other things.

Congratulations on getting an anime and anthology volumes! I've been happily reading *Monster Musume* since back when it was a web-only comic, so I never imagined I'd be working on an anthology for it. I didn't get to draw much this time, but I love Rachnee and Miia's mama!

P131 aruse yuushi

Participates in doujinshi sale events through the "Chapedizo 2" circle.

I didn't want to waste this wonderful opportunity, so I drew my manga about the four MON girls. It was really fun drawing them with their varied personalities! I feel like I should be especially grateful to Manako-san for awakening my love of Cyclops girls. I hope this love awakens for everyone!

P139 Z-ton

Has a manga published in a trade magazine and participates in doujinshi sale events through the "SHIS" circle. Representative work. *If You Don't Mind This Hideous Body* (GOT).

I'm honored that you'd call for me! I figured I'd be ordered to depict Centorea the Centaur, and sure enough, I was.
